-----------------------------	---	-------------------------

*Notes represent areas in which COSMA's Accreditation Principles have not been fully met. The academic unit/sport management program is required to take action on Notes and has up to two years to eliminate the deficiencies identified in the Notes. Until the COSMA Board of Commissioners determines that these deficiencies have been eliminated, the progress made in ameliorating the deficiencies must be addressed each year in the academic unit/sport management program's Annual Report to COSMA.

**Observations are suggestions for improvement that are intended to assist the academic unit/sport management program in achieving excellence in sport management education. Action on observations is recommended, but not required.

***Accreditation Denied: If an institution loses its national/regional accreditation, or if an academic unit/sport management program is in significant noncompliance with COSMA's accreditation principles, the Board of Commissioners may deny accreditation.
